blank

The Office of Inspector General would like to remind all practitioners of **902 KAR 55:105 Controlled substance prescriptions blanks**.

With the advancement of computer generated prescription blanks and new CMS tamper- resistant requirements, our office has received several calls about the compliance of certain controlled security blanks recently. As a reminder, all practitioners in Kentucky are mandated by law to utilize a security prescription blank when prescribing a controlled substance while practicing within the Commonwealth.

Please use the diagram below to assist in determining if your **controlled substance prescription blanks** meet all of the requirements established in 902 KAR 55:105. Please note this is for **controlled substance prescription blanks ONLY.**
