Board Malpractice Review Policy

Board members reviewed a memorandum from Mr. Rodman regarding the Board Malpractice review policy as the current review of any settlement over the amount of $250,000. He asked that the Board to amend that review policy upward in order to review settlements of more than $500,000, any settlements involving a patient death, and any cluster of three settlements over a five-year period. After review Dr. Toney moved to approve. Seconded by Dr. Shah the motion carried.

Malpractice question(s) on initial application

Board members reviewed a memorandum from Mr. Michael Rodman requesting clarification on an amendment to its malpractice policy to review settlements of more than $500,000, require a review of any settlement involving a death of a patient, and any cluster of three settlements in a five-year period from the March 20, 2025, meeting. After discussion it was determined that the Board wanted to look at such information if within the preceding ten years and not outside of that time.
