 MOST Form Available on Board Website

The Board has completed work on the development and adoption of a standardized medical order for scope of treatment (MOST) form, as mandated by the recently passed SB 77. This legislation, sponsored by Sen. Tom Buford, requires the Board to promulgate an administrative regulation to develop the format for a standardized medical order for scope of treatment form approved by the Board, including spacing, size, borders, fill and location of boxes, types of fonts used and their size, and placement of boxes on the front or back of the form so as to fit on a single sheet. Efforts are underway to promulgate the new regulation on this issue. The form along with a Board Opinion that was developed to provide guidance on the use of the MOST form is available on the Board’s website, http://kbml.ky.gov/board/Pages/Opinion-and-Policy-Statements.aspx

AMA Task Force Releases Guide on Naloxone

The American Medical Association Task Force to Reduce Prescription Opioid Abuse, which is comprised of 27 physician organizations including the AMA, American Osteopathic Association, 17 specialty and seven state medical societies as well as the American Dental Association recently released a resource guide on Naloxone Access to assist physicians. The guide can be found by going to the Substance Abuse Resources tab on our website www.kbml.ky.gov.

As all physicians in Kentucky are aware, drug addiction and overdoses continue to be a serious problem throughout the Commonwealth. As previously reported, the Kentucky General Assembly passed SB 192, earlier this year, that amended KRS 217.186 to allow a licensed health care provider, acting in good faith, to prescribe or dispense naloxone to a third-party (person or agency) without fear of disciplinary action from professional licensing boards. Additionally, the bill authorizes a person (or agency) to receive a prescription for naloxone, possess naloxone and the equipment needed for its administration, and to administer naloxone to an individual suffering from an apparent opioid-related overdose.

The Board appreciates the efforts of the AMA and the Task Force on this effort and encourages all licensees to review the guide.

Reminder on Controlled Substance Prescription Blanks

The Office of Inspector General would like to remind all practitioners of the requirements set out in 902 KAR 55:105 Controlled substance prescriptions blanks.

With the advancement of computer generated prescription blanks and new CMS tamper-resistant requirements, the OIG has received several calls about the compliance of certain controlled security blanks recently. As a reminder, all practitioners in Kentucky are mandated by law to utilize a security prescription blank when prescribing a controlled substance while practicing within the Commonwealth.

Please see the diagram on our website to assist in determining if your controlled substance prescription blanks meet all of the requirements established in 902 KAR 55:105. The diagram can be found by choosing the Substance Abuse Resources tab on our website www.kbml.ky.gov. Please note this is for controlled substance prescription blanks ONLY.

Renewal of Physician Licenses for 2016

In late December, physicians holding an active license will receive a notice by mail with instructions to renew his or her license. Physicians will be able to renew their license online at www.kbml.ky.gov. To complete the renewal, physicians will be required to verify and update their unique licensure information. The fee to renew online will be $150.00. Physicians who renew by paper will be assessed an additional $10.00 fee. Please note the link to renew your license on the Board’s website will not be available until the first week of January 2016.
