“Special” Licensure Items

In the event that your application is deemed to be a “special” licensure item, it will be presented to the Board on an individual basis. It is important to note that special licensure items are not eligible to receive a Temporary Permit. Due to the fact that special licensure items are presented at the Board's regularly scheduled meetings, it is imperative that applicants cooperate with the Board's medical licensure coordinators to meet the deadlines as set by the Board. The following are the deadline dates for “special” licensure items to be considered by the Board: **January 28, April 29, July 29, and October 26, 2022.**

Temporary Permits

Once your application is complete and you meet qualifications for licensure, you may request a Temporary Permit, which will allow you to start practicing for a period not to exceed six months and carry you over until the following Board meeting to be approved for a regular medical/osteopathic license.

See Temporary Permit Form in the Application for Medical/Osteopathic Licensure for detailed information and qualifications.
