

Board Policy
Malpractice Settlements/Judgments for Renewals

Following the deliberations of the Board's Inquiry/Panel A in November, Dr. Gibson requested that the Board's Malpractice Settlements/Judgment Policy be placed on this agenda for Board members to consider whether the \$250,000 threshold to initiate a Board review is too low. The Board's current policy, which states "any settlement of \$250,000 or over" was reviewed, and after discussion Dr. Payne moved to amend our policy to reflect "**any settlement over \$250,000**". Seconded by Dr. Fletcher, the motion carried.
